Mr. John Stockmyer
Mr. Ron Brink
Maple Woods Community College
2601 N.E. Barry Road
Kansas City, MO

Dear John and Ron:

Congratulations on your successful proposal to continue work on the Time Machine III through the 1976 Educational Development Grant award. I am pleased that your proposal has been approved for full funding in the amount of \$1400. The grant has been divided with \$400 in stipends and \$1000 in supplies and expense.

Your account number for this grant is 2-1-511. Please send all requisitions for stipends, supplies, and expenses to me for payment. Enclosed are a Form E which must be signed by both of you on the x's, Form F which will help you in expending your funds, and three copies of Form G to be submitted at the end of 25%, 75%, and 100% completion.

In order to differentiate this project from previous ones, I have arbitrarily added a Roman Numeral III to the title of your project. Not only does that help to identify this particular segment of the Time Machine, but it's sort of neat, too.

In addition, it would be well for you to keep accurate records of your expenditures so that at the close of the project you will have at hand the necessary financial information to submit as a part of the final report.

If I may help in any way during the life of this grant, please let me know.

Sincerely yours,

Donald L. Clark, Ed.D.
Acting Director of
Educational Development
